MWC'S FIRST 50th REUNION

In 1913 thirty-two of us graduated from Fredericksburg State Normal School. Fifty years later seven returned to our Alma Mater.

In 1911 the Class of 1913 rode in Mr. Hilldrup's horse-drawn hack from the depot to the college on Marye's Heights. There were two buildings on the campus—one finished building, *Frances Willard*, and *Monroe*, still with scaffolding around it. The tennis courts were where *Virginia* now stands.

In *Frances Willard*, lived the teachers, students, and officials, with the exception of the president. Our dining room and the offices of the Dean were on the first floor. The bedrooms and teachers' suites were on the second and third floor.

Monroe housed the offices, library, and auditorium. How different it is today! Buildings, streets, roads, and the beautiful dining areas. There were no paved roads nor walks from the college to town. Do you remember the two boards nailed to 2 x 4s which comprised our sidewalks to town?

On June 1, 1963 the following seven returned for the Golden Reunion: *Anne Latane* Bedinger was there to greet us, as was *Belle Pearce* Beverly, class agent. *Ora Green* Tiller, slim, efficient, and quiet, who did not tell of her very successful children—a banker, a broker, a teacher of English at John Marshall High, and a secretary; *Isabel Willis* Rowe, vivacious, witty, and busy with flowers and children's children; *Mary*

Chesley Rowe, looking younger than her years; *Lucy Kennedy* Boyle, with lovely white hair and looking only half her age; and dear, gracious, *Julia Raiford* Urquhart, so interested in the many new buildings and the variety of the curriculum. Jeanette Hess joined our class for the day. We missed those absent from our midst.

The Alumnae Association did everything possible to make our day a joyful occasion. The lovely luncheon and the buffet dinner at Brompton, given so generously and beautifully by Dr. and Mrs. Simpson on a perfect June day, will never be forgotten by the Class of 1913 on their fiftieth anniversary. We love you and thank you, who made our day so unforgettable.

MARIAN MINOR DID IT AGAIN

Four Homecomings have come and gone under the able planning of *Marian Minor* and this one, as were the others, was also an unqualified success.

At this reunion Miss Minor realized her long cherished dream of a Homecoming with no registration fee. The offer of a three-day weekend of meals, lodging, and entertainment for all alumnae at no charge became possible through the generosity of the College and the success of the annual giving program.

From May 31 through June 2 a fast-paced program consisting of business meetings, the Alumnae Luncheon, Alumnae College, reunions, supper at Brompton, Spotswood Open House, and the graduation activities was presented to the returning alumnae.

Friday evening the 42-member "interim" board held its final meeting, as the new 22-member board came into being the following day. After the annual meeting on Saturday morning, when the election results were announced, the new board met and elected the 1963-64 officers.

Alumnae at the annual meeting were welcomed by Dean of Students Margaret Hargrove, who ended her greeting by saying, "You have left something with the college, and you continue to leave something with the college, tangible, and intangible, and the college has left something with you, I am sure . . . my favorite lines, particularly in connection with college students and alumnae, I would like to share with you . . .

*A part of me is left in every place
That I have loved, be it a single tear,
A dream, the echo of my voice, a step,
A long last look at faces that were dear.*

*A part of every place that I have loved
Is left in me, so neither is the same—
The place nor I—and neither can return
To its simplicity before I came.*

(Elaine Evans)

And this is true of alumnae and the college."

A few innovations were introduced at the buffet luncheon held in Seacobeck on Saturday. There was no featured speaker; fewer persons were at the head table; reserved tables were arranged in prominent positions for members of the administration, alumnae officers, board members, reunion classes, and student guests; and gas-filled balloons marked

with class years identified reunion groups.

The Alumnae Gift to the College, a check for \$2,500, was presented to Chancellor Simpson by Fund Chairman, Irene Lundy Brown.

As tokens of the Association's affection and appreciation of their services, Kathleen Goodloe, Past President, presented a charm bracelet to Mary A. Klinesmith Kelly, former Faculty Advisor, and a tie tac to Edgar E. Woodward, the Bursar.

Alumnae College met in DuPont little theater immediately following the luncheon. Class reunions, a buffet supper at Brompton, and the increasingly popular Open House at Spotswood completed Saturday's activities.

On Sunday, 288 graduates, the largest graduating class in MWC history, heard the baccalaureate sermon by Dr. Duncan Howlett, minister of All Souls Unitarian Church, Washington, D. C. President of UVa, Edgar F. Shannon, Jr. was speaker at the afternoon graduation exercises.

YOUR ALMA MATER AND ITS PURPOSE

Alumnae College featured a panel discussion, "Your Alma Mater in 1963," moderated by Chancellor Simpson. Three members of the administration and four students discussed various aspects of the college program in relation to the Statement of Purpose of the college.

This statement, formally approved by the faculty on May 8, 1961, says, in part, "As a liberal arts college, Mary Washington stands firmly in the tradition that a broad education in the arts, the sciences, and the humanities, complemented by intensive study in a particular field of interest, is a most appropriate preparation for life and citizenship. . . . It recognizes the importance of the inquiring mind, the significance of aesthetic sensitivity and the necessity of individual and corporate responsibility . . . and is pledged to the selection of a qualified student body. . . ."

Admissions Director Michael Houston and Anne McCallum '64, spoke on entrance requirements and the emphasis now placed on high academic records for admission to MWC. Anne reviewed HS work which helped her most in college—English, math, science, and basic

language courses. She cited the need of sufficient maturity to adjust to dormitory life, a sincere desire to attend MWC, and a belief in the Statement of Purpose.

Dean Edward Alvey, Jr. and Nancy LaPrade '63, discussed the ways in which the academic program has been strengthened—by new courses, more work in major fields, seminars, honors programs, independent study, reading programs, a larger faculty, harder work required of the students, an improved library, the work of faculty on academic policies, and added requirements for graduation.

Dean of Students Margaret Hargrove and Kathy Friedman '63, considered student life at MWC, speaking of the student's need of "freedom and responsibility," the counselling program, the social life, mixed dorms, the provision of an intellectual background by lectures, concerts, etc., and the development of individual and group responsibility.

Linda Gulnac '63, talked about the purpose of the Alumnae Association and the work of the '63 class agents in interpreting the association to the class. When recent graduates become settled she believes they will want to help to strengthen the bond between the college and alumnae. She spoke of the meaning of the 100th Day Tea at Spotswood and of her experiences as a member of the Board of Directors and the Alumnae Council.

A question period closed the session with queries concerning curriculum, libraries in dorms, Phi Beta Kappa, counselling, and comprehensive exams.

Irene Lundy Brown presents to Chancellor Simpson the 1963 alumnae gift to the college.

ALUMNAE FUND TOPS \$10,000

Irene Lundy Brown, chairman of the 1962-63 Annual Giving Campaign Committee, reports that by the end of June 1,269 persons had contributed \$10,121.80 to the Alumnae Fund. This gratifying response to the first year of annual giving made it possible to attain the three main objectives of the campaign.

1. To meet operating expenses and continue sending the Alumnae News to the entire mailing list. The Spring issue of the NEWS was increased to 16 pages, plus an insert, and plans for the coming year include publication of two 16 page issues.

2. To replenish the \$5,000 Scholarship Fund given to the college in June 1961, and to increase it whenever possible.

3. To establish a Chancellor's Unrestricted Fund, to be used for unpredictable needs of the college.

Goals No. 2 and 3 were attained when, at the Homecoming luncheon, Mrs. Brown presented a check for \$2,500 to Chancellor Simpson. One part of this gift, \$1,600, is designated for the establishment of a Chancellor's Unrestricted Fund and \$900 is to replenish the Scholarship Fund. The following awards have been made from that fund:

To Sarah Lacy Powell '62, \$250 for graduate study at Columbia; to Anne Everett '65, Carolyn Hawker '64, and Abigail Donald '65, tuition scholarships of \$50 each, for one month's study at the Art Students League; and to Wendy Shadwell '63, a \$500 graduate fellowship in English at either Columbia or U of Chicago.

The Fund returns also made it possible to waive the Homecoming registration fee for the first time and to acquire a set of mailing plates, arranged by classes, to supplement the geographic file.

It has been clearly shown that alumnae prefer voluntary giving to a dues paying program. In 1961-62 only 4.9%

of those on the mailing list paid annual dues (\$1,265) while in the first year of annual giving 19.1% of the list contributed \$10,121.80.

A detailed report of contributors, percentages, and dollar totals by classes will appear in the Fall issue of the News. Watch for your name and class.

Nine chapters were represented at the Alumnae Council meeting held at Spotswood on May 4. The program was highlighted by May Day activities and a luncheon at Brompton for all who attended the Council. Dr. and Mrs. Simpson welcomed the council guests and took them on a tour of the Brompton gardens.

The day's program included the May Day program and reception, an exhibit in the library of the famed Stephen F. Whitman samplers, the MWC players production of "Look Homeward Angel" in DuPont Theater, a couples dance at Anne Carter Lee ballroom, and a motion picture in GW auditorium.

At the morning meeting plans were made for committee work on chapter problem. The Richmond Chapter will make a study of chapter activities; Alice Greiser Browning, of the F'burg Chapter, will head a group working on ideas for chapter programs; Betty Baylor Neatrour, Linda Culnac Steelman, and Alice Browning will receive and follow up all requests for new chapters; Cary Upshur Washington, of the King George Chapter, will receive all chapter reports, summarize them, and present them to the annual meeting.

The date for the next Council meeting is not yet determined, but will probably be set for the fall. Peggy Kelley Reinburg is the new Chairman of the Alumnae Council Committee, president of the Council is Nancy Ball McCaughey '60, secretary is Ida Louise Magette '58, and Council representative to the Board of Directors is Anne McCaskill Libis '49.

Lacy Powell, a '62 honor graduate, has been appointed an English instructor at MWC. Now completing her work for a masters at Columbia, she was the first person to receive a grant from the alumnae \$5,000 gift to the college.

Resigning from the faculty this past June were Mark R. Sumner, drama dept.; Russell S. Ratcliffe, education; John T. Fauls, psychology; Alice Brandenburg Larkin, English; and Vivian L. Munson, history.

Miss Susie Peach Foster, after 18 years at MWC as director of the Wesley Foundation, left in June to become director of a home for young girls, the Wilson Inn, in Richmond.

Miss Josefa Rivas married Dr. Clifton B. McIntosh on June 8. Both are members of the Dept. of Modern Foreign Languages.

President Shannon of the UVa has announced the establishment of the University Press of Virginia. It is designed to serve as a scholarly publishing outlet for all institutions of learning in the Commonwealth.

The Schnellock Award, established in 1960 by an anonymous donor in honor of the late Emil Schnellock, was granted to Edna Armstrong '63, this spring. Edna, an art major from Lancaster, Pa., has a twin sister, Ethel, who is also an art major at MWC.

The Thomas Jefferson Cup Award, which the Alumnae Association gives to a dean's list student who has performed outstanding service to the college, was presented to Randi Coates Haupt '63, at the annual Senior Convocation in May. Mrs. Haupt was editor of the *Battlefield*, a member of Mortar Board, and Sigma Tau Delta, and an English major. She and her husband will live in C'ville.

A new Greek-letter fraternity for honor students in economics has been installed at MWC. The requirements of membership are high—a B-plus average in 12 semester hours of economics and an overall B average in all subjects.

The American Alumni Council celebrated its 50th anniversary in July, when the national conference was held at the Chalfonte-Haddon Hall Hotel in Atlantic City. A special feature this year was The Golden Jubilee Symposium, a series of related sessions providing a searching look at the principles of alumni work at mid-century and at the alumnus himself.

Founded in Columbus, Ohio, in 1913, the AAC now has members from 1,097 institutions located in the U. S., Puerto Rico, Mexico, Canada, Egypt, Japan, Lebanon, Turkey, and the Philippines.

MWC was represented at the conference by executive secretary Bettie V. Griffith and her husband, Dr. W. W. Griffith, of the English Dept.

Wish more of you had been with us at Homecoming. Wonderful! *Edna Gibbs Hunter, Alice Warren Twiddy, Elsie Wood Rice, Margaret Sayre Ransone, Josephine Jerrell White* and I enjoyed all the activities on Saturday—a full schedule, but we found time to catch up on all news since the last time we were together.

Margaret Sacrey Freeman teaches 6th grade at Stafford; *Mannie Torbert Kelly* and husband were visiting Lon, Jr. in Ann Arbor, Mich. *Louise Henley Jones* is not well and on a strict diet. I was delighted to meet her daughter, *Betty Jones Clement '43*, of Toledo, Ohio, who was attending her 20th reunion.

Lillian Craig, who plans to be with us in 1965, reports that her six Phonetic Readers have been well received. We saw copies in the college library. *Alva Birmingham*, a retired teacher, is a real estate agent and operates a private school.

Soph Brookings Morris, whose hobby is gardening, works part time at a newsstand. Her son is an IC Chief Instructor at Great Lakes, and her two daughters live on the Pacific Coast. Gene attended MWC two years.

Bealmear Linthicum Masters, a recent patient in the hospital, reports nothing serious—just needs to gain weight. Her son, Howard, lives with her, and her daughter, Dare, and three grandchildren live close by. *Elizabeth Ninde Bryan*, whose husband was in the hospital when I phoned her, said they spend much time on the river at their cottage.

Neither *Fannie Hiter Bowie* nor her husband are in good health. They are adjusting their lives to retirement with hobbies—ceramics, walking, fishing, and games with friends. *Beulah Detwiler Anderson* recently had a four month's visit with her son in New Mexico, then two months at Ormond Beach, Fla. She is walking better, but some days finds it an effort.

Virginia Bolen couldn't leave her job of checking Seniors at Lane HS in C'ville. She and her sister, having recently sold the old homeplace are hunting for another house.

I was so glad to hear from *Marjorie Riker*. She wishes she could be with us, but her health will not permit. She thinks 1915 is a long time ago. *Ettienne Broaddus Moore* and her husband left in May for a seven weeks trip to Europe. We missed her at Homecoming.

Love, Ruth

Only four of our class attended the reunion this year. *Mary Ellen Burke Donald*, Richmond; *Mabel Foster Ford*, Harwich, Mass.; *Nellie Hodgson Warner*, Arlington; and *Louise Milbourne Clarke*, Richmond.

Since *Lula French Crockett* has given up work as agent for our class, *Nellie Warner* and I have consented to do it. So PLEASE, if any of you have news about our classmates, write to either of us.

Hello Classmates: I have the names and addresses of only seventeen of our class, to all of whom I sent cards. Replies came from only four, who told me about several others. I wish we could hear from each of the sixty-two members. Come on "girls."

Llewellyn Belote Morris, of Onley, whose husband died in 1938, has one son in SAC of the Air Force. *Marian Boxley Thomas*, F'burg, has a son, a daughter, and six grandchildren. They all live in Spotsylvania Co., where she teaches 4th grade in Chancellor. Also at the same school is *Mollie Orrock*, who teaches 7th grade English, reading, and history. She lives with her sister at her old home, two miles from school.

Virginia Dillard Bowie, also in F'burg, has a son living there, a daughter, Mrs. G. T. Brooks, Jr., in Williamsburg, and four grandchildren.

Keith Sinclair King wrote me that *Clara La Crosse* lives in Hampton with her widowed sister since retiring from teaching in NJ schools. Keith, also in Hampton, says her only child, a daughter, lives in Connecticut and has two girls and a boy.

As I have no husband and children to write about I'll have to tell about myself. I teach and care for my mother, who has been an invalid for over three years. Having someone with her only while I am teaching, I care for her after school and on weekends and vacations.

I've taught every year except one, was principal of a three-room school my first year, and have taught all grades but first in Virginia, Maryland, and Delaware. I attended Columbia and MWC one summer each, a workshop at Longwood, and visited the NEA in Los Angeles when I toured the West in 1933. I belong to the VEA, NEA, Woman's Club, and am a life member of the Alumnae Association.

Please "girls," let us hear from you. If I can find time to do this you certainly can write to me with news of yourselves and others in our class.

Lula Lee Llewellyn House was mother of the bride when one of her daughters was married the week before Christmas. Do you suppose the bride could have looked any lovelier than *Lula Lee* did as our May Queen?

Josephine Griffith Kleiner, Miami, Fla. sends a family news letter at Christmas. Her daughter, in school in Arizona, was home for the holidays. Her son was stationed at Pope Air Force Base in NC. Jo has been teaching

English to the Cuban refugees at the Latin Center. She and Murray enjoy "sunning ourselves in the back yard.... It is difficult for us to realize what bad weather is." I could not resist that quote for the thermometer on my porch is 10° right now.

That's all for this time; if you want another column, let me hear from you.

My younger daughter is a Jr. at Hampton HS. Six-year-old Jonny is a first grader.

Myrtis Hall O'Sullivan, who was a freshman when we were seniors, has five children and lives in Hampton. Husband, William, works for NASA and conceived the idea resulting in "Echo," which is now in orbit. *Frances Winder Reeder* has two daughters, one in HS and another in Jr. HS. Husband is a test pilot for NASA. *Anne Dudley Wright*'s daughter was married recently.

Please send me more news. Sincerely,,

At one time she was Supt. of Public Welfare for Richmond Co. She and Philip have one son.

Estelle Warren, in D.C., taught for one year then in '40 received a Master of Religious Education degree from Presbyterian School of Christian Education, Richmond. That's all! Hope you will send me more news; there are 75 or 80 we haven't heard from.

'38 *Helen Pressley Voris*, 5640 Old Lawyers Hill Rd., Elkridge 27, Md.

In spite of the fact that no plans were made for the 25th reunion of our class it was well represented on June 1. The class agent was not at the luncheon but arrived later for the dinner, complete with husband but minus the four children.

Familiar faces kept appearing and this was reassuring as nothing of the sort had been expected. Seen by the time of the buffet supper were: *Dot Ballance Skinner*, *Virginia Fuller Easley* (same old Bill), *Flora Ryan Durgin*, *Maggie Crumley*, *Mary Davenport Steed*, *Mary Kettenbeck Gademan*, "Mike" *Boswell Rothery*, *Louise Otley Graves*, "Peanut" *Tomlinson*, *Anna Mae Harris*, and *Helen Pressley Voris*.

We missed seeing our class sponsor, Dr. Moss, who is now at Longwood College. So many tongues were wagging at the same time it was impossible to follow a conversation

without very close attention and more than once Bill Easley had to stop talking altogether. We enjoyed looking at the annual and chatting. Calvin Voris proved to be an asset as he carried chairs and looked interested.

Flora Ryan Durgin has spent much time visiting Frankie Nash's family at the shore. Many of the class had gone back to teaching, some had never left. Marguerite formed our tie with the Va. State Board of Education, *Anna Mae Harris* is our MWC faculty member, and the real estate business was heavily represented.

1947 seemed to be the bumper year for babies for this group, so nearly all had 16-year olds to talk about. It was an interesting meeting and one that bears repeating before our 50th. Best of all was the fact that after 25 years most of us were still recognizable!

Maude Rae Smith Swartz, of Covington, and two of her lovely children stopped by to see me in June. They had a fire at their home last winter. Also in Covington is *Ruth Flippo Moon*, with her husband and son.

Helen Hyde Saunders (Mrs. T. F.) has moved to Arlington and would like to hear from any of her friends. She and her family plan to tour Europe this summer.

I am sure that all of you will be sorry to hear of the death of *Elizabeth Williamson Garden* in February, 1963. I remember her as the girl with a smile for everyone.

Now please remember, our class news is what you help me make it.

Tip Rawls Tomlinson and husband have moved to Virginia Beach where he was recently transferred from Richmond. Both are serious golfers and should enjoy the courses at Va. Beach. They have one married son and one at the U. of Richmond.

Hilda Harrell Roller has moved back to Richmond for the second time and lives two blocks from *Barbara Gaines Mann*. Hilda keeps in touch with our class sponsor, Dr. Moss, who is now Dean at Longwood, and reports that he still retains his marvellous sense of humor. Hilda has a teenage son and daughter, and Barbara has two girls.

Mary Lou Wilcox Dull writes from Canton that they had two freshmen this year—*Barbara* at Carnegie Tech, studying chemical engineering, and *Sue*, at Lehman High. *Mary Lou* has been teaching the past three years. *Lee Wingate Pappandrea* lives on Yew Spring Farm near F'burg in an old farmhouse which I understand they have restored with much charm.

I have just returned from a trip to Italy where I visited my sister in Milan. Mary drove me around northern Italy and into Switzerland, but from Florence on south I was on my own. I found that Italy's legendary enchantment is not a fable. It's all true, and I, like everyone, left it with a desire to return, but with my husband next time.

Hi! Such nice notes from *Carolina Muirhead* Ellwood and *Betty Anthony* Bartley. Just wish we had space to print them.

Caroline has been living for seventeen years in Mexico where her husband is manufacturing director of a cigarette factory. They have three girls and a boy. All speak Spanish. Sounds very fascinating and so cultural.

Betty, with her Army Captain husband, has lived in Japan, Okinawa, and twice in France. Now retired, they miss the excitement of service life, but surely their three girls and one boy will provide enough to make up for it.

Thanks to Betty and to *Mary Pride* Hunninghake for all those addresses. A very large help. Anyone know the whereabouts of *Penny Bien*, *Mary Jane Broaddus*, *Lottie Brockwell*, *Nancy Brooker*, *Ellen Caldwell*, or *Molly Case*? Keep the letters coming. Love to hear from you.

We have two children—Andy, born in 1950, and Mary Turner, born in 1953. I am getting very gray and fat, but am happy."

Wonderful response to my letter to the class. Please return your forms and if anyone wants addresses just let me know. Reunion plans are shaping up nicely and it should be fun. Now the news...

Dorothy Story Williams and family live in their home town of Courtland. *Mary Doyle* White Winters is near Mechanicsville. Last time I saw her she was busy in many community projects. *Anna White* Jones wrote last Christmas that she could at last get around without her cast.

When I said I would recommend adoption as a fine way of getting a family little did I know at that time that three weeks later Richard and I would add to our flock a precious son, Richard Cauthorne, Jr., born Oct. 31, 1962. He was only 11 days old when his sisters went with us to bring him home. He has been a real joy to all of us and the girls are big enough to be a real help and they do love him.

P.S. Some '49 news:

For me, 1962 was a most exciting year. My husband and I spent the summer in Europe. Our son spent the summer in camp and Grandmother came to stay with the two girls, so we were quite carefree. By plane and wonderful European train we went to London, The Hague, Amsterdam, and to Germany, where we picked up a car we had ordered from home.

At the Mercedes plant a German, appropriately named Herr Benz, met us in the impressive plant waiting room and explained a large folder of material to us concerning insurance facts, driving information and check-up "musts" for the car. Then we were turned over to a mechanic in a spotless garage who went over every nut and bolt in the car. Both of them spoke perfect English. We felt well briefed and satisfied when we drove away 1½ hours later with a few litres of free diesel oil in the tank. (It doesn't burn gasoline).

We drove southward, stopping wherever we wanted, and after several days in Rome, started for Paris by way of the Italian Riviera and Lyons. Then to Brussels, where my sister is living, and finally through northern Germany to the ferry that took us to Denmark, where, on the last day of August, we left our car at the dock and boarded a plane for home.

Hope you all had a terrific summer and will inform me of some of your activities. I have been keeping up with some of you in correspondence and even personal visits.

Nat Wilton, in NYC in May job hunting at the TV stations, came for an overnight visit. How much fun it was to reminisce.

A very informative letter came from *Carmen Zeppenfeldt* Catoni telling of their successful Christmas trip to NYC. While in the city she saw *Ginny Briant* Page, who is in the interior decorating department of McCall's magazine. Ginny visited Spain last summer. Carmen and Luis planned a European trip this past June, hoping to spend July touring Spain. The honor of "Den Mother of the Year" was bestowed upon Carmen by her oldest son's den. For this she received a Scouting Pin inscribed with "Thanks."

We are happy to welcome the members of the Class of 1963 to the Alumnae Association. All of us at the College and in the Association will follow your careers with interest, and we are sure that each of you will strengthen the bond between the College and her alumnae.

Four agents will serve the class, with *Linda Gulnac* Steelman acting as the head agent. Please be sure to send news of yourselves to one of the following agents:

Gwen Beebe, who stopped by to see me in Jan., was leaving for a five weeks trip to Austria. Upon her return she plans to work in NY. We phoned *Rena Destefanis* Hines (the three of us lived in the same suite freshman year) in Westport, Conn.; her wee ones are 3, 2, and 1.

Carol Bogaert LeFevre and Louis returned from exotic Bangkok for a month in Dec. Their infant daughter was making her first appearance in the USA. Carol, Louis, my husband and I had dinner together. We enjoyed hearing about life in their far-away-land where Carol says she freezes if the temperature goes below 75°. Louis is manager of Am. International Underwriters office in Bangkok.

Jane Perlman, an Air Force Lt., in Waco, Tex., vacationed in Rio, Brazil and Paramaribo, Surinam last Oct. Enjoyed it so much she plans to return this year. *Lo Ann Todd* Lawless is a secretary to two lawyers out in Denver.

My favorite little delight at Christmas was receiving a copy of the MWC Coloring Book, a gift from a certain Santa (*Marie Rhodes* Cappiello '51). It's an imaginative and oh-so-humorous booklet with reminders of every thing from dear Dr. Quenzel to the Marines. I understand copies are still available by writing to the college bookstore, enclosing a dollar plus two 5c stamps. And, while you're ordering... keep your crayola in hand and send me some colorful news for my next column. (You don't even have to enclose stamps for this one!)

JUNE:

Will the real *Sonja Hagna* please stand up?" Why, it was our very own Sonja appearing on television's "To Tell the Truth"! She appeared as the president of the company she formed which produces the now famous Dilly Beans. *Carolyn Six* Herel saw the program and wrote that the panel was completely fooled—to Sonja's joy.

Joan Brosky is in NY doing chemical reference work for Shulton, Inc., cosmetic

manufacturer. *Cammy McFarlane* DeLorenzo, in Australia where her husband is with an American firm, has two children. *Janet McCord* McCarthy, her Marine officer husband, and two girls live in Norfolk. *Jean Love* Bartlett of Manchester, Conn. has a boy and a girl.

Janet Ward Duevel taught school in San Diego for three years after graduation. Surprisingly, she found that *Corky Slater* Gray, '56, was at the same school. After Janet's husband's tour of duty they returned to their hometown, Norwich, Conn. where he is with King Seeley Thermos Co. and she continues to teach. Janet heard from *Prissy Ripple* Baysinger who has two children and has moved to Philadelphia.

Diana Free Cobban and Jeremy, a Lt. in the Royal Navy, have a brand new daughter. They live in Hampshire, England in a 200 year old cottage in the 12th century village of Titchfield. Jeremy is an instructor of metallurgy on H.M.S. *Sultan*. *Shelia Liebler* Brog and Avron spent two weeks in June vacationing in the South. She found New Orleans most charming and more reminiscent of Europe than any US city she has seen.

Joan Vames' "suite"—*Martha Jane Townes* Kirker, *Carolyn Wilson* Palmer, and *Mary Parker Cunningham* Hatz—had a reunion in Colonial Hgts., Va. early this year. Martha Jane's husband is a captain in the Strategic Air Command at Elgin AFB. They have a son and daughter and live in Shalimar, Fla. Carolyn has two boys. Her husband is with Ford Motor Co. in Richmond. "Parker" is also in Richmond where her husband practices law. They have three children, also a new tri-level home.

Carol Bogaert LeFevre should be the envy of many of us on a hot summer's day. She spends her leisure hours on Thailand's golf courses or on a gay red and white sailfish in the Gulf of Siam.

BABIES: *Connie Goode* Conners, first child, a girl, in Dec.; *Catherine Wright* James, first child, a girl, in Dec.; *Anne Lenzi* Peters, second child, first girl, in Calif. in April; *Ann Davis* Spivey, first child, a son, in April.

58 *Margaret E. Mahon*, 6924 Keystone St., Philadelphia 35, Penna.

Our 5th reunion found just a small group of 58ers traveling back to MWC. Although we wished more of you could have been there, those present enjoyed discussing our last four years and reminiscing about the good old days.

Since *Bev Cooke* asked to be relieved of her duties as class agent due to a busy schedule I willingly (?) have taken over for awhile. So please write and tell me the news and whereabouts of you and classmates. Now for news of the Reunions:

Harriet Ayres Chamberlain and son-flew from Dallas to Richmond for a visit, so, while grandma babysat, Harriet came to MWC. *Libby Foster* Beardsell, leaving hubby at home in Grand Rapids to care for their two girls and boy, came to see her "little" sister graduate.

From Richmond came *Katherine "Butch" Oliver*, *Betty Burwell*, *Ann Connor* Hall, *Mary Jane Prillaman* Cooke, and *Peggy Kelley* Reinberg. Peggy, who has been elected to the Board of Directors of the Alumnae Assn., plans to spend six weeks this summer studying at Northwestern U.

Others there were: *Pat Cain* Naglak, Baltimore; *Pat Ellis* Archer, Annandale; *Kay Martin* Britt and *Anne DePorry* McGrath, both of Arlington; *Roberta Lawless* Eyler, Annapolis; and *Mary Lou Morris*, who teaches French at MWC. Forgive me if I've missed anyone.

I went first to Quantico for a visit with *Izzi Gill* Shillinglaw, Jim, and their girl and boy and *Jane Crenshaw* Avera, Lou, and their girl and boy. Then we three girls traveled on to Fburg.

Peggy read a long letter from *Ebie Breeden* McKnight, who is in Enid, Okla. where Dick will practice law. Ebie thinks Oklahoma is wonderful and invites all to visit. Don't forget to write. I need news, news, news!

(Continued from Spring Issue)

Brownie Marshall writes often and is still scooping for the Newport News paper and going with Judge. I saw Sue Dorn whizzing down a mountain in Penna. on skis last January. We've both gotten to be real ski enthusiasts. She teaches in Mountain View, NJ, and lives at home in Montclair. I was skiing as much as possible last winter, starting out with five great days in Stowe at Christmas. I saw Jane Toye Laurson and Ivo on New Years Day while they were home (NJ).

Dee Doran Cairns and baby were in San Antonio from Dec. to March '62 while Doug was in basic instructor school; (he's a full fledged pilot now) then back to Craig AFB for three years, along with Patty Cairns Hourin and Jim. Eleanor Knight is still working hard at Duke—we will be proud of our Dr. Knight. Linda Lange, back home working for Bell Tel. Lab, is doing her masters thesis at night. Last Christmas was to have been a very special one for her and Tom.

When Sara Leigh Kinberg, in Calif. now, was in Norfolk with little Tommy while Tom was six months at sea she traveled all over the southeast with her doctor father helping him give flu shots. She saw Sara Prosterman Brown, Nancy Driskill Warren, Pat Hurley and Kathie Calhoun and she spent a week with Sylvia Garland, who says "everyone" is pregnant—namely, Regina Young Hall, and Sylvia Barden, who married Phil in 1962.

Sara says Tom hoped to go to destroyer school in March in Newport, RI. She should see Bitsy Wright Coxe there. Here's a scoop on the Saunders twin marriage—Eleanore married Lt. Bruce Sunderland on Dec. 15. They live in Norfolk.

Lois Hartman and Kathy Flattery had a pre-alumnae weekend party at their apartment. Attending were Wolfie Maddrey, down from NY, Sunny Thompson, Evelyn Brooks, Patsy Barclift, Sue Grandy Gibson, Lois Adams, Tina McElroy, and Gretchen Louft. Judy Saunders, Betty Meaders and Judy Lewis, of the Class of '61.

We expected a larger group at our reunion but those who did come had a wonderful time. Lois Range, of NY, renewed old friendships with girls she hadn't seen since she transferred our junior year to the U of Conn. She will teach in Conn. next year. Diana Cople is teaching in Va. Joan Akers is working in Richmond.

Kathy Flattery is at the State Dept. and Lois Hartman at the Dept. of Health, Education and Welfare. Sue Grandy Gibson and Bob are in Alexandria where Sue teaches Spanish at GW High School and loves it. Betsy Browder Wilson and Larry will be at Ft. Hood, Texas for 18 months and then be back in Arlington.

Elaine Clements Gardner and Don are at Lejeune. She says she played bridge with Sue Driscoll Weber and Kitty Berner Erb. Teaching at Lejeune are Sue Skelton Tumlinson, Carol Schneider Fuqua, and Betty Jean Williams Tatum. Joyce Lyons Lukes and Paul have been there since February. Ella Waller Nargelle will be there as soon as Dominick gets back from his Carib cruise.

Susan Heck, Susan Buford, and Adrianne Ames have an apartment in Boston and work at the Massachusetts General but Susan and Adrianne plan to move to DC in the fall. Donna Floyd, Carolyn Cople, Gail Taylor, and Cathy Stevens are working in Atlanta, Ga. Carolyn White is at the UN and does

part-time modeling. Tina McElroy works for a biologist at American U. Her job takes her to Woods Hole for the summer.

Lacy Powell has her masters in English and will teach at MWC come Sept. Carolyn Powell will teach in a C'ville HS next year. Mary Kay Rehbaum Wareing, Charles, and son are in Nashville. Ricky Walker teaches in NY.

BABIES: Joy Mills Hamilton, May 8, a girl; Nancy Cheek Mitchell, Apr., a boy; Betsy Browder Wilson, May 16, a girl; Ann Tench Hume, a girl last spring; Elaine Jones Purks, a son. Expecting in Sept., Sue Driscoll Weber.

Sheila Cooper, 71 Hartley Drive, Mount Vernon, N. Y.

Margo Robinson, doing commercial art work in Phila., will wed Donnie French Sept. 7 and honeymoon in Bermuda. She wishes Dotti and Linda, in Mission Beach, Calif., would write her. Sue Edwards, doing social work in Westchester Co., NY, was to marry Erik Carlson in August. Kathy Crothers is a Spanish-English escort for a pharmaceutical firm in NY. She and six other bilingual guides take groups around the plant.

Marcia Kirstein gave a shower for Marilyn Schulman in their NY apartment. Marilyn is going back to Chattanooga to marry Robert Benham this fall. He is a recent grad from Vanderbilt Law School from her hometown. I saw Kathy Sasso, Debbie Ashton and Wolfie Maddrey at the shower. Debbie and Wolfie plan to move into a brownstone in Greenwich Village in the fall. Debbie attended Pam Kingston's wedding and said Pam and Andy couldn't be happier.

Mary Lott has finally set her wedding date to Dave for August 10. She said Mackey is engaged to a teacher at the HS where she teaches and will marry this summer or fall. Jane Walsh and Jay were to be married July 20, I think, and will be living in California.

That's all, except will the girls who haven't written please let Linda, Mackey, or me know what you are doing.
